Women of the Family TIMOTHY'S FATHER was Greek, probably not a Christian. He and Timothy may never have understood each other. It was the women of the family who molded

the boy's mind and heart, his

mother, Eunice, and his grandmother, Lois. It is always so. It is the women of a family who have most influence for faith or against it. The boy knows his mother before he knows anyone else. She teaches him to talk, he absorbs her attitudes and ideas even before he understands them. If father and mother differ in religion, it is likely that childen will follow mother rather than father.

I AM SINCERELY GRATEFUL

It is indeed gratifying to know that I have so many friends in Elba who showed by their votes and support in Monday's municipal election that they endorse my record of the city council during the long period of time I have served in that capacity.
